Behavioural Expectations for Students at Alawa Primary School

We need to:

- care for others and ourselves
- respect the school property, the property of others and ourselves
- support everyone’s right to learn and the teacher’s right to teach
- keep others and ourselves safe at all times

Safety Expectations

All students must wear wide brimmed hats and shoes at school.

Bike helmets must be worn to and from school as a requirement by law.

Alawa Primary School is committed to the task of providing a safe, learning environment. The following areas are prohibited to children for safety reason:

- car park areas and near the skip bins, caretaker’s fenced area and shed
- to only use bike shed when collecting or parking their own bike
- the shade house, rainforest and gardens at the front of the school
- balcony area outside GP room

Classroom Rules

Acceptable behaviour in the classroom is an expectation and negotiated between the classroom teacher and students at the commencement of each year. The classroom rules are clearly displayed in the classroom as well as the negotiated consequences for both appropriate and inappropriate behaviour. All teachers conduct discussions with their classes on a regular basis to familiarise them with, and reinforce these rules.

Procedures

To ensure student safety and to assist with the behavioural consequences a card system is used at the school.

- when a child moves from their class to the buddy class or to the alternative ‘cool down’ area, the teacher needs to telephone ahead and inform the buddy teacher or the staff member in the ‘cool down’ area
- When a child leaves the classroom, school grounds without permission, or there is an emergency situation within the area a message by phone is sent straight to the executive staff. Response is expected immediately.

Note: Further details are detailed in the Appendices at the back of this handbook.

2 BICYCLES

Responsibility cannot be taken for bikes brought to school. Students should ensure they are securely locked in the bike shed. The shed is locked at 8.40am and reopened at 2:45pm. Children **must walk** their bikes in all areas around the school buildings.

Reminder: It is compulsory for all students riding bicycles to wear bicycle helmets. Students should not leave their helmets on their bikes but take them into their classroom.

The following is an excerpt from Government law to assist families

85. Bicycles on footpaths

(1) For the purposes of rule 250 (1), if another law in force in the Territory purports to prohibit the riding of bicycles on footpaths, the law is ineffective unless “No Bicycles” signs are displayed to indicate the area of footpath where riding of bicycles is prohibited.

(2) If another law in force in the Territory purports to prohibit the riding of bicycles in a public place (such as a pedestrian mall), the law is ineffective unless “No Bicycles” or “Road Access” signs are displayed to indicate the area where riding of bicycles is prohibited.

86. Helmets for cyclists

(1) For the purposes of rule 256, the requirement to wear an approved bicycle helmet does not apply to a person over 17 years of age if he or she is riding or being carried on a bicycle -

- (a) on a public place;
- (b) on a bicycle path or shared path; or
- (c) in an area declared by the Minister, by notice in the Gazette, to be a bicycle helmet exemption area.

(2) In this regulation, a bicycle path does not include a bicycle that is not separated from the part of the road used by motor vehicles by a physical structure or barrier in addition to or in substitution for the lane line.

(3) In this regulation and rule 256, an approved bicycle helmet is a helmet that

- (a) complies with Australian Standard AS/NZS 2063 – Pedal Cycle helmets; or

Recess order system

Recess orders can include anything from the cafe list and must be collected from the cafe at recess.

Limited availability Mondays and Tuesdays

At this stage due to the relatively low volume of sales Mondays and Tuesdays the Café will only be open for Recess. Lunch orders can be placed for cold food and these will be delivered to classrooms.

4 CYCLONE PROCEDURES

Term 1 and 4 are within the cyclone season. It is important that each parent understand the school procedures and expectations. Often if a cyclone is predicted for the Darwin region the Education Department formally closes schools for the day. Announcements are made via radio and TV. The new time alternative action is as follows.

Cyclone Warning Stage 2 is issued by the Bureau of Meteorology. It is expected that parents will monitor the radio announcements provided by the Education Department for information about when children should be collected from school. **Children should be collected as soon as possible** after the Radio/TV announcement.

Children should be kept in their parent's care until the **all clear** is issued, by the Bureau of Meteorology and notification is issued by the Department of Education, for children to return to school.

When children are collected from the classroom the teacher will record the departure time and name of collecting adult. After a reasonable time, children not collected will be taken to the administration area for collection. At the time when the school is evacuated, remaining children will be taken to the **CASUARINA SENIOR COLLEGE SHELTER** and left with the Shelter Co-ordinator for collection by parents.

Lists of children taken to the shelter will be displayed on the window at the front of the Administration area of the school along with names of students already collected.

Parents are also advised that **children will not be permitted to leave the school on their own.**

5 DELIVERY & COLLECTION OF STUDENTS BY VEHICLE

Parents delivering or collecting children by car are asked to observe due care in the school vicinity.

PLEASE DO NOT PARK ON SCHOOL CROSSING and DO NOT DOUBLE PARK IN THE MAIN CAR PARK DROP OFF ZONE.

These practices are not only in contravention of the NT Traffic Rules but an extreme safety hazard for our students. The entrance into the school is from Pett Street and the exit is Stedcombe Street.

Some students attend outside after school care with Brat Pack NT. Students wait at the front office and are supervised until the Brat Pack NT bus arrives. They are picked up and taken to their campus at Malak. For more information about this service, please see

<http://www.thebratpacknt.com.au/>

6 DOGS IN THE SCHOOL GROUNDS

Dogs are a nuisance and dangerous at school. Dogs will be despatched from the yard. Continual disruption by dogs will necessitate calling the Council Dog Catcher.

7 AGE OF ENTRY FOR SCHOOL

Children who turn five years **before** 1 July may be enrolled for Transition at Alawa at the commencement of the school year. Proof of date of birth is required on enrolment.

Upon entry in the Early Childhood Section of the school, students will progress through the recommended curriculum as defined by the Education Department Curriculum Guidelines.

8 EDUCATIONAL EXCURSIONS

These are organised by class teachers to enhance the school's curriculum. Permission forms are sent home for each individual excursion. The non-return of permission slips will result in your child being excluded from the excursion. Parental involvement, is always, most welcome. There may be a charge for bus hire.

9 EMERGENCY CONTACT DETAILS

Parents are asked to advise the school **IMMEDIATELY** if there is a change of address, telephone number or workplace. Emergency contacts are required in the case of illness or accidents.

10 FOOTWEAR

Shoes, sneakers and roman sandals are accepted. **THONGS, MASSUERS AND BARE FEET are not accepted for safety reasons.** Children wearing unacceptable footwear have limited play areas and may be excluded from some activities.

11 HATS

The School has a Sunsafe policy that aims to increase the level of Sunsafe awareness, knowledge and responsibility among students, parents and staff.

To encourage the greater acceptance and use of Sunsafe alternatives:-

1. The use of bucket hats/sunscreen is mandatory for **all** outside activities.
2. Teachers will model Sunsafe practices.
3. Students not adequately protected will not be able to participate in activities in the sun.
4. A sun safe education program will be used as a regular part of the Health curriculum of the school.
5. The school will sell headwear, which offers adequate protection – specifically Alawa bucket hats.

The school policy is **NO HAT NO PLAY.**

12 HEADLICE

Head lice are more a social nuisance than a disease. Detection and treatment is the responsibility of the home. The movement of lice on the head causes itchiness and people affected by head lice can sometimes suffer infections of the scalp from scratching. Infestation is identifiable. The nits look like whitish specks stuck to the hair.

The Head Louse (Pediculous Humanus Capitis)

- The human head louse lives only on the scalp where there is food and a suitable temperature.
- The eggs or nits are laid close to the scalp and hatch 7-10 days.
- The young louse requires two weeks to become mature and lay eggs.

Transmission

Head lice are transmitted by the movement of the louse from one head to another. This happens under conditions of close physical contact, mostly at home or at school.

Facts

- Head lice infestation is not a health risk.
- Lice do not jump from one head to another.
- The human head louse does not breed on animals, furniture, carpets, bedding etc.
- Lice are no respecters of social class.
- Clean people get head lice.
- Children are not the only ones who become infested. If one family member is affected, others in the family are likely to be infested too.

Treatment

Suitable preparations for the treatment of head lice infestation are available at pharmacies. Hair should be washed with the treatment shampoo as directed.

Then, while the hair is still wet, it should be combed with a fine toothcomb to remove the nits.

This combing should be repeated the next morning.

If the directions on the package do not forbid it, treatment should be repeated weekly for 1 or 2 weeks. Repeating the application in this manner will help to kill any remaining live nits.

Note: All members of the family must be treated at the same time.

School Attendance

If the scalp has been properly treated, the child should be able to go to school the next day, because all the adult lice and most of the nits will be dead. Any lice which hatch from remaining live nits will not lay eggs themselves for about a week to 10 days.

Prevention

Parents should inspect their children's head each week. Lice are difficult to see, not only because of their size, but also their colour. Nits are easily detected.

Particular areas to inspect are the nape of the neck, under fringes and behind ears. Once nits are detected, treatment as outlined above will prevent the infestation spreading.

Parents who need help in identifying head lice infestation should seek advice from the family doctor or from a community health centre.

It is the parent's responsibility to detect and treat head lice infestations.

Children who remain untreated can be excluded from school.

13 HOMEWORK POLICY

This will be reviewed in consultation with our School Council in 2017.

POLICY GUIDELINES:

The set amount of homework given on a regular basis depends on the year level. 29 STUDENT SERVICES

It is recognised that in order to meet student's needs, further professional assistance is required. These students can be referred by the parents or a teacher. In both cases the Special Education teacher must be first consulted and is responsible for the forms being submitted to Student Services. DET provides assistance from a Guidance Officer, Speech Pathologist, Occupational Therapist or Special Education Advisory Teacher and the school's Special Education Advisory team can provide direct assistance to families.

ALAWA WELLBEING AND BEHAVIOUR MANAGEMENT POLICY: APPENDIX A

Safe Schools NT

Code of Behaviour

The Safe Schools NT Code of Behaviour assists students, teachers, principals, parents and the wider school community in understanding the role they each play in ensuring our schools are safe. Schools are places where positive behaviour, responsibility, respect, active citizenship and academic excellence are expected.

- All students have the right to learn
- All teachers have the right to teach
- All staff have the right to perform their duties
- All parents have a right to be informed and involved
- All people have the right to be treated with respect and dignity
- It is the right of all to be safe.

What is Expected

Students have the right to learn and be treated with respect and dignity. Equally they have a responsibility to demonstrate respect for themselves, others and the school environment.

Students are expected to:

- come to school prepared, on time and ready to learn
- participate actively in their school's education program
- be responsible for their behaviour and learning
- accept school policies
- be tolerant of differences
- inform their parent/carer of educational progress and school activities
- co-operate with other students, teachers and staff
- use digital technologies respectfully for learning purposes and to respect the rights of other users both online and offline
- refrain from bringing anything to school that may compromise safety

Parents and Carers play an important role in the education of their children and have a right to expect their children to interact and learn in a safe environment, and be informed and involved in matters regarding their children. In return, they have a responsibility to support the efforts of school staff in maintaining a safe and respectful learning environment for all.

Parents and Carers are expected to:

- ensure their child attends school regularly, is on time, and is prepared and ready to learn
- support school staff in implementing school policies
- initiate and maintain constructive communication with school staff
- have an active interest in their child's schooling and co-operate with school staff to achieve the best learning, wellbeing and behavioural outcomes for their child.

All School Community Members are expected to:

- support the Safe Schools NT Code of Behaviour by taking responsibility for their behaviour and actions
- respect the rights and diversity of others and treat others fairly and with dignity
- demonstrate honesty and integrity
- show care and respect for school and other people's property
- take appropriate measures to help those in need
- resolve conflict in a non-threatening manner
- respect and comply with Australian law, especially in relation to unlawful behaviour involving weapons, alcohol, drugs, dangerous acts, vandalism, violence, verbal abuse, digital technology and sexual misconduct.

Our Commitment

Teachers and school staff, under the leadership of their principals, provide educational programs and a safe environment in a respectful and responsible manner. They have the right to expect the co-operation of students and colleagues and be able to conduct their business in a safe environment.

Teachers and school staff are expected to:

- provide safe and supportive learning environments
- provide inclusive, engaging and meaningful curriculum and teaching catering for student needs
- initiate and maintain constructive communication and relationships with students and parent/carers
- promote awareness of school policies and guidelines
- apply school codes and policies in a consistent and fair manner
- promote the skills of responsible self-management with students
- comply with mandatory reporting guidelines.

Principals, under the direction of regional executive staff, and in consultation with the School Council, take a leadership role in the daily operation of a school.

Principals are expected to:

- provide strong leadership in the development, implementation and communication of policies and guidelines that aim to ensure a safe school environment, inclusive of articulating and communicating the consequences of unacceptable behaviour
- support staff and community members in ensuring compliance with the Safe Schools NT Code of Behaviour and the policies that ensure a safe school environment by facilitating professional learning to promote responsible behaviour

- ensure consistency and fairness in implementing the School Wellbeing and Behaviour Policy

Regional Executive Staff are expected to:

- critically evaluate and endorse school policies that ensure a safe school environment
- ensure that school plans and policies are implemented consistently, fairly and reasonably
- support principals in their responsibilities under the Safe Schools NT Code of Behaviour and policies that ensure a safe school environment
- facilitate the resolution of grievances.

What is Unacceptable Behaviour

Any behaviour that impacts the safety of students and teachers or disrupts learning is not acceptable. NT schools aim to create learning environments which are free from bullying, aggression and violence in any form.

The following student behaviour will not be tolerated and may lead to suspension and where appropriate, police involvement will occur:

- assault
- verbal abuse
- property offence
- substance use or possession
- weapons offence – possession and/or use
- stealing
- obscene or offensive acts.

The Consequences of Unacceptable Behaviour

Each school has policies and guidelines which set out the range of consequences for unacceptable student behaviour which may include:

- time out strategies
- withdrawal of privileges
- detention
- restorative processes
- reflective thinking rooms
- mediation
- suspension
- police involvement.

Suspending a student is a last resort and the decision to suspend is not taken lightly.

Principals have an obligation to ensure that natural justice has occurred before enforcing suspension and parents have a right to appeal.

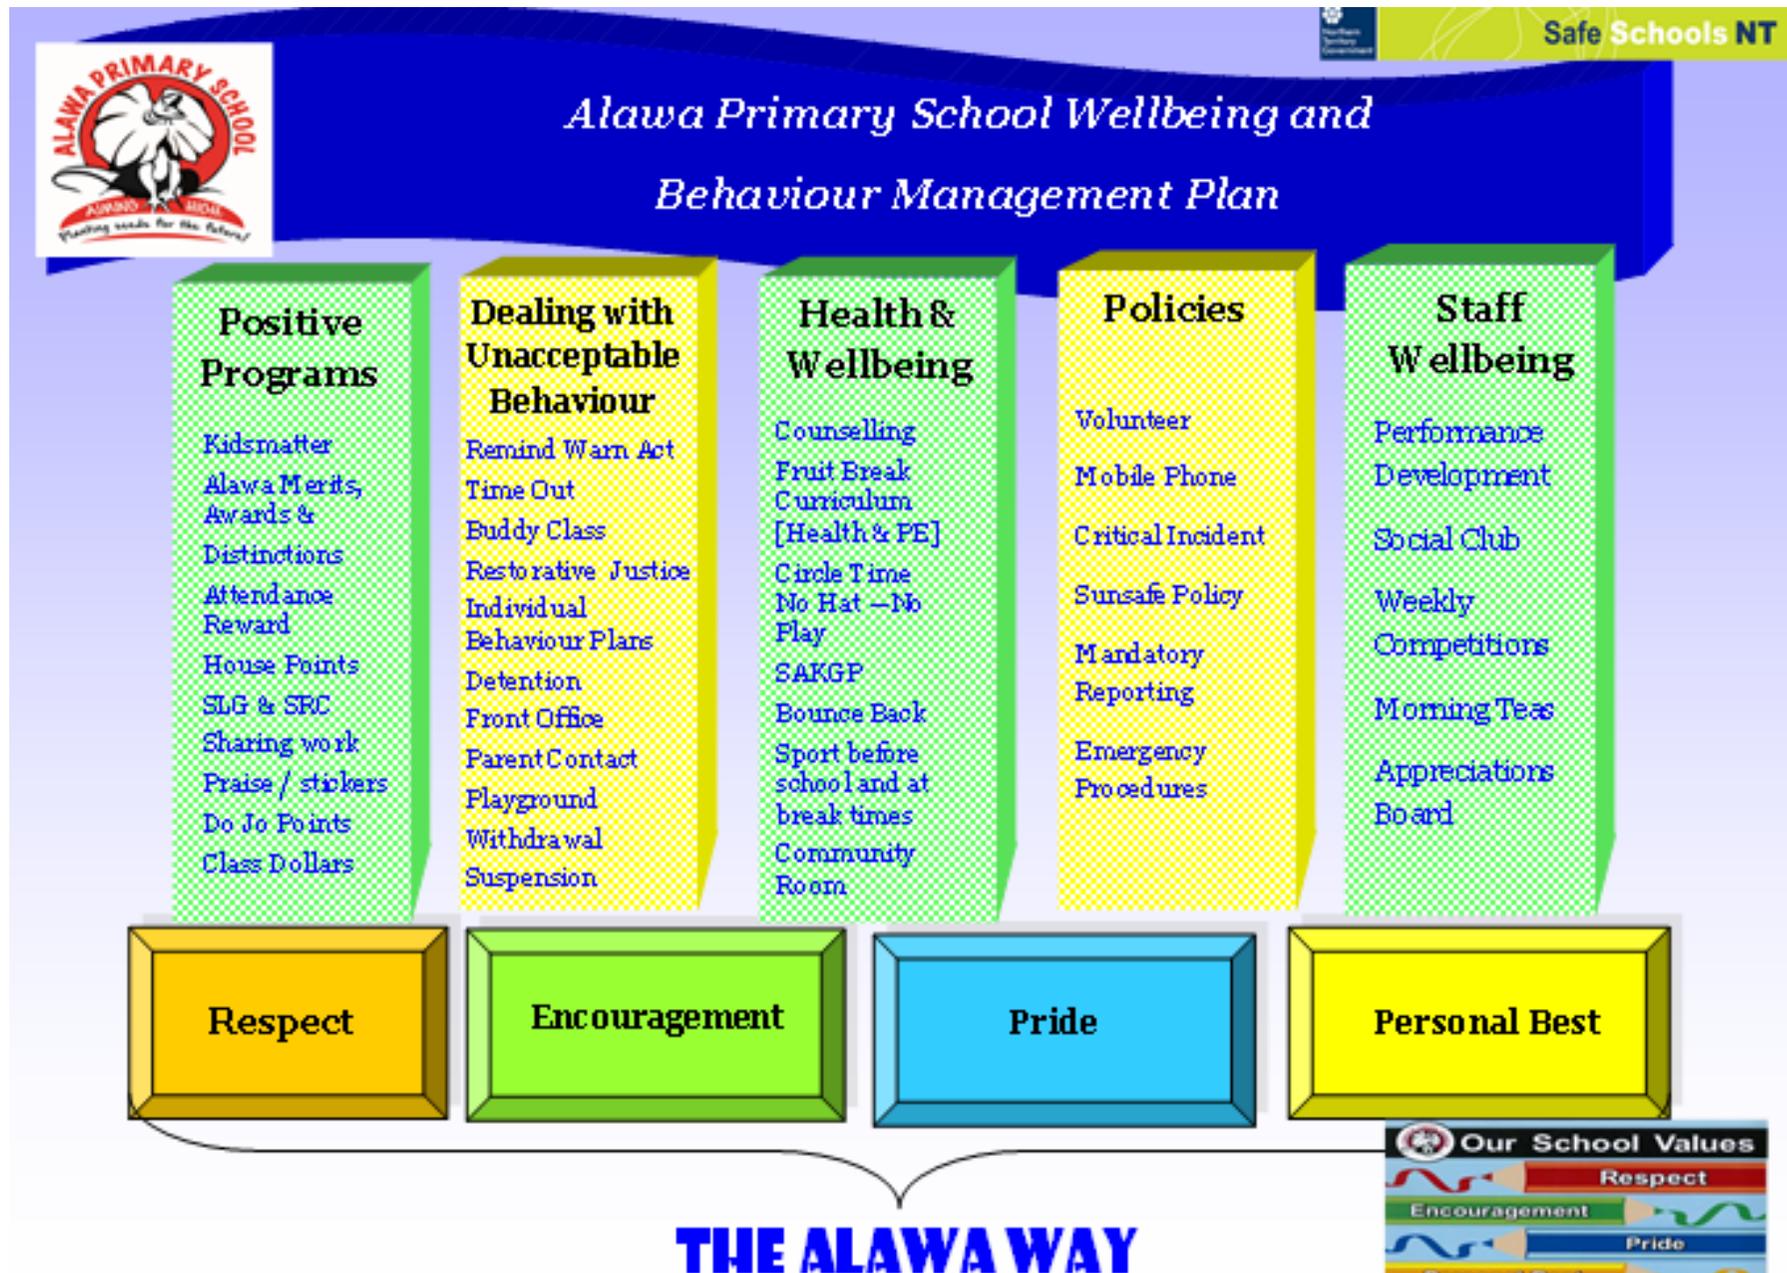

The consequences for unacceptable behaviour must:

- provide the opportunity for all students to learn
- ensure the safety of staff and students
- assist students who exhibit unacceptable behaviour to accept responsibility for themselves and their actions.

In applying consequences for unacceptable student behaviour, the individual circumstances, including disabilities, actions of the student and the needs and rights of the school community will be considered.

Access to alternative programs and input from other agencies may be necessary for students who repeatedly behave unacceptably.

At times parent/carers also engage in unacceptable behaviour, such as threats or actual violence. Such behaviour will not be tolerated. While schools should make every effort to listen to the concerns of parents, where staff feel that the safety of themselves or others around them is compromised, then police involvement may occur.

RECOGNISING POSITIVE BEHAVIOUR

Following the Alawa Way

Alawa students follow the Alawa Way.

Students are positively encouraged by teachers, staff, Principal and Assistant Principal and parents/carers.

Students are recognised in class with Dojo points and Alawa Money, verbal recognition and Alawa Merits as well as positive non-verbal communication.

Students are rewarded for displaying Alawa Values in the playground with raffle tickets for house points.

Students receive house points for wearing of school uniforms and class points for positive behaviour at Musters.

Alawa Merits, Awards and Distinctions

Students are positively recognised by the awarding of Alawa Merits in the classroom. Do-Jo points can be converted to merits at the end of each week.

Students collect their Alawa Merits and when they have collected 10 they bring them to the front office.

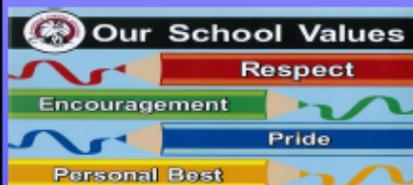

At the next Assembly students who have collected 10 Alawa Merits receive an Alawa Award. Arranged by the front office and shared in the newsletter.
